HEMANTH EAGAMBARAM MUTHAPPA

iamhemantheagambaram@gmail.com 8940726086 linkedin.com/in/hemanth-02-m github.com/hemanth-02-m

OBJECTIVE

Aspiring Software Developer seeking an entry-level opportunity to apply technical skills and contribute to developing efficient, reliable software solutions.

EDUCATION

Bachelor of Engineering in Computer Science and Engineering **Oct 2023 – May 2027**
Er. Perumal Manimekalai College of Engineering, Hosur
CGPA : 8.00*

Higher Secondary Certificate (HSC) **May 2023**
R.V Government Boys Higher Secondary School, Hosur
Percentage : 75.6%

Secondary School Leaving Certificate (SSLC) **May 2021**
Government High School, Mookandapalli
Percentage : 100%

PROJECTS

AI-Based Phishing & Scam Detection System – https://github.com/hemanth-02-m/Phishing_and_Scam_Detection

- Built a AI system for detecting phishing emails, Messages, and malicious URLs using NLP, ML, and rule-based detection.
- Used DistilBERT for semantic text analysis and XGBoost for URL classification using engineered URL features.
- Achieved 97.1% F1-score and designed the system for real-time, modular, and scalable threat detection.

Technologies used : Python, DistilBERT, XGBoost, NLP, Machine Learning, FastAPI, Scikit-learn

AI-Based Urban Heat Prediction & Cooling System – https://github.com/hemanth-02-m/heat_prediction

- Developed an ML-based system to classify urban areas into Low, Medium, and High heat-risk zones.
- Built an interactive heat-map dashboard for spatial visualization and identification of heat-prone areas.
- Implemented AI-driven cooling recommendations system with a NLP Chatbot.

Technologies used : Python, Machine Learning, NLP, Flask, React.js, REST APIs

TECHNICAL SKILLS

Programming languages : Java , Python, SQL
Core Fundamentals : Data Structures & Algorithms, OOP, Computer Networks
Web Technologies : HTML, CSS, JavaScript
Databases : MySQL, SQL Server
Cloud : AWS (EC2,S3,VPC, IAM, RDS)
Version Control : Git, GitHub

WORK EXPERIENCE

Data Analysis using SQL Trainee **June 2026 – July 2026**

Growwpark Technologies Private Limited Hosur, Tamil Nadu

Completed hands-on SQL training in data analysis and database management, utilizing JOINs, CTEs, subqueries, window functions, and data transformation techniques to analyze datasets and generate business insights.

ACCOLADES & CERTIFICATIONS

- AWS Academy Graduate – Cloud Architecting — Amazon Web Services (AWS) | 2026
  Credential: https://www.credly.com/badges/491a3e30-2fef-47e9-8adb-44870abec13f/public_url
- Solved 200+ LeetCode problems using Data Structures and Algorithms (DSA). - Link
- Secured 1st Place in an App Development Competition at APPXLR8'2k24 - Er. Perumal Manimekalai College of Engineering, Hosur
- Secured 2nd Place in a Technical quiz at Login 2k26-Christ College of Science and Management, Bangalore.
